

Growing Kids is there when you need them

Growing Kids has been providing early childhood education and child-care for ages 6-weeks-old through after school age for more than 20 years.

Growing Kids is open when you need them, Monday through Friday from early in the morning until 11:30 p.m. The facility offers spring, summer and winter camps, before- and after-school care, even one free Saturday of childcare a month.

"We love the flexible hours, and the Saturday Night Care is an excellent bonus," says one parent.

Another parent adds, "There are no centers that compare with the quality of care at Growing Kids. The teachers do an excellent job providing the kids with a safe, comforting and stimulating environment. The variety of learning activities and play in Main Street and the playground is outstanding. We also love the class parties and the holiday celebrations."

Parents appreciate the care and quality of Growing Kids teachers, stating, "I am so pleased with my

child's performance while attending Growing Kids. I am amazed at what they have learned so far. The teachers and staff are so caring. The staff goes above and beyond their

job description. I feel as if the staff is a part of my own personal family." Post-Tribune readers honored Growing Kids by selecting it as "Best Day Care Center" for the 2016

Neighbors' Choice Award. Owner Mike Garatoni says, "We're honored to have received this award. We're glad we have been able to provide a much needed

service in the Valparaiso and Chesterton communities." For more information, visit GrowingKids.com or call 574-970-7500.
